HOW to ADD a spike to Timmy's Back.

In 3 easy steps!!!

★ Thanks to Korina of Korina's Kreation's for this fabulous idea!

STEP 1

Cut 2 SPIKE PIECES from the same fabric as Timmy's TUMMY PIECE.

SPIKE cut 2, 1 reversed

STEP 2

Sew the SPIKE PIECES together with fabric right sides together.

Snip the seam so the spikes will turn nicely. I like to iron the spikes when they are turned, to make them flat.

STEP 3

Pin the SPIKE to one of the BACK PIECES as shown here in green, and then sew the rest of the pattern according to the T-Rex pattern instructions!
