

Soft Toys you'll love to make!

## Kawaii Kuties Diaper/Nappy Pattern

An original design  
by Pauline McArthur 2013

Hi there!

*This Diaper / Nappy will fit ALL of the Kawaii Kuties! The patterns for these are available on the website.*

*I had such fun designing the felt dress and pants for the Kuties that I decided to make some more clothes for them.*

*The Kuties make great baby toys, so I thought it would be fun to dress them up to look like little babies themselves.*

*The Diaper / Nappy is so simple to make and fun to decorate too! I got carried away and even made little felt motifs for the baby bibs (a for Apple, b for Bee and c for Carrot!).*

*Have fun making and dressing your Kawaii Kuties!*

*Happy sewing!  
Pauline*

## Sizing:

One size fits ALL the Kawaii Kuties Dolls.

## Recommended Fabric:

I used felt for making the Diaper / Nappy.

# STEP 1 - Get all your materials

Specific Requirements :

- Felt 25x18cm / 10x7inches wide.

General Requirements :

- General sewing supplies (thread, needles, scissors, etc).
- Fabric marker.

## STEP 2 - Layout

- The felt diaper/nappy can be made from wool felt or synthetic felt.

### \* TIP

I have a blog post with pros and cons of both to help you decide which to use - <http://www.funkyfriendsfactory.com/blog/wool-felt-or-acrylic-which-is-better/>

## STEP 3

- Glue the pattern piece onto thick paper or card and cut out the DIAPER/NAPPY PIECE to make your template.

## STEP 4

- Trace the Diaper / Nappy PIECE onto the felt with a fabric pen or permanent marker and cut it out.

**\* TIP**

I love using an air-erasable pen as it fades to nothing after a short while!

## STEP 5

- Cut a piece of velcro, open it so you have 2 pieces, 1 fluffy piece and 1 with hooks.

**\* TIP:**

Cut off the corners as they can be quite sharp and scatchy

## STEP 6a

- Pin one piece of the velcro (the fluffy piece) onto the front of one of the sides.
- Pin the other piece (with the hooks) to the back of the other side. I have flapped over one this side so you can see the velcro pinned to the back!

## STEP 7

- Cut 2 more pieces of velcro, open them so you have 4 pieces, 2 fluffy pieces and 2 with hooks.
- Pin the 2 pieces with hooks on to the back of the DIAPER/NAPPY PIECE.

## STEP 8

- Sew these velcro pieces in position. (I sewed back and forth between the 2 pieces to make my stitching look like a safety/diaper pin!)
- Use 2 pins to work out where to place the fluffy velcro bits on the sides of the diaper piece.

## STEP 9

- Use the fabric marker to mark the position for the fluffy velcro pieces and sew them over these markings. Your nappy should fit perfectly!

## STEP 10

- The simplest way to fit your diaper/nappy on your baby Kutie is with a safety pin!

### \*TIP

I use a safety pin if the toy is for an older child and sew on velcro if the toy is for a child under the age of 3 years old.

## STEP 11

- You can decorate your diaper/nappy pin with a cute button to add some fun detail to your toy.

## STEP 12

- Admire your cute bub!!!! :)

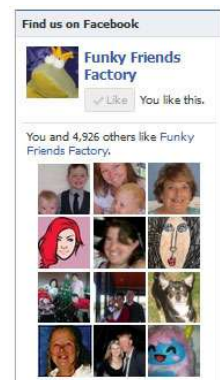

Have fun dressing your kuties!

I LOVE to see how your Funky Friends Factory toys turn out ~> Show them off by posting a photo on my Funky Friends Factory Facebook page and YOU could win a FREE PATTERN!
